

# Alert System for Rain

Authors: Jordan duBarry, Dakota Zuniga, Jackie Wang, Cody Harsey, and Jason Tran.

## Problem Statement:

People often forget to bring their rain gear with them and then proceed to get rained on. Our solution will provide users with a way to remember to bring their rain gear.

## Who's experiencing the problem?

People in the rain without sufficient rain gear.

## Where does the problem present itself?

Anywhere where it rains.

## Why does it matter?

Being wet sucks and makes people upset.
